Safety:

- Li-ion cell abandon the possibility of exploding
- Short-circuit protection
- Over-current protection
- Over-charging protection
- Over-discharging protection

Accessories option:

A. Mini AC-DC adapter---can charge PS-4800 through power socket;

B. USB cable (for both charging and discharging)---can charge PS-4800 through computer USB port;

C. Output tips:

- Micro USB tip
- Mini USB tip
- Tip for Apple iPhone4/S, iPad
- Tip for Samsung Galaxy Tab series & Galaxy Note series
- Tip for Nokia cell phone series
- Tip for Sonyericsson cell phone series
- Tips for other devices like PSP and GPS

Packing option:

- Common safe packing: sponge + anti-static bag + brown box
- Powerseed retailing packing: hard plastic box + color card + sponge
- Customized packing type

Quality:

- 12 months warranty;
- CE, RoHS, FCC certifified

Comply with the standard Apple hardware detection, intelligent protection circuit, safe and reliable for your Apple to provide continuous power, to make life wonderful everywhere.

Main function:

- In line with hardware testing standards
- Colorful shell, beautiful and stylish
- Intelligent protection circuit, safe and reliable
- Intelligent switch design, effectively extending the battery life, energy saving and environmental protection
- Precise LED light power indication, slow flashing shows discharging status
